This training has the following goals for participants:

• To generate a community of allies for undocumented students
• To generate an understanding of undocumented and mix-status family students’ background and experiences that may produce unique needs
• To form an awareness of policies that impact undocumented and mixed-status students
• To create opportunities for interdepartmental collaborations
• To gain strategies that can enhance persistence and completion of a university degree

The training is two hours long in EOP Office SSE 2109, if interested in dates and times provided, please sign up here:
