1. **Required Respondus Monitor** – This will record you during an online, non-proctored exam. You will be required to take a photo of yourself and your valid identification, and take video of your testing area. **Your computer must have a functioning webcam and microphone to use Respondus Monitor.** If you need a webcam and/or microphone, you can contact the **SDSU Emergency Crisis Response Team (ECRT)** for assistance. **Mac users** must have Adobe Flash Player installed to Safari, even if a different browser is normally used. A broadband connection is also required.

2. **Required Respondus LockDown Browser** - This version of the Respondus LockDown Browser is required for the online California Government Exam [http://www.respondus.com/lockdown/information.pl?ID=469641291](http://www.respondus.com/lockdown/information.pl?ID=469641291). LockDown Browser is a browser to replace what you may currently be using (e.g. Chrome, Firefox, Edge, etc). It locks down your screen so that you will not be able to access other resources on your computer during the exam. **You cannot use Respondus LockDown Browser on a Chromebook, cell phone or tablet and cannot take the exam using these devices.**

3. **After Downloading Respondus Lockdown Browser** - After downloading the version of Respondus LockDown Browser from the link above, double click on the LockDown Browser shortcut icon on your desktop. You will be asked which server. Click the dropdown menu and select Blackboard. If you have any programs open, you will be asked to close them. Click the Close Process button. Please note that you may have to click multiple times to move forward. Next, click the Agree & Continue button. You will then be asked to log into Blackboard with your SDSUid. Follow the instructions listed below in "Accessing and Starting the online exam."

4. **Recommended Practice Prior to the Exam Date** - It is highly recommended that you test Respondus LockDown Browser and Monitor the **DAY PRIOR** to your actual exam date. You will not want to run into any technical issues the day of the exam as problems could affect your performance on the exam. You can practice using Respondus LockDown Browser and Monitor by completing the three (3) question “Practice Test to Make Sure You Can Utilize Respondus LockDown Browser & Monitor.” Log into Blackboard and click on the link under Exam Instructions on the top left. Be proactive and check your system in plenty of time to troubleshoot issues if you have any and to make sure you feel comfortable with the tools.

5. **SDSU Instructional Technology Student Resources** - It is recommended that you review the **Respondus LockDown Browsers Student Guide**. If you need additional technology assistance please click on the Technology tab on this website [https://virtual-academic-help.sdsu.edu/](https://virtual-academic-help.sdsu.edu/)

6. **Exam Restrictions** – Once you start the exam, you must complete the exam in one sitting.

You may not access, view, or use the following items throughout the test: dictionaries, notes, reference materials, books and reading materials, scratch paper, cameras other than your webcam, electronic devices including calculators, cellphones, fitness trackers, and music players.

7. **Accessing and Starting the online exam** - Log into Blackboard (blackboard.sdsu.edu). Under “My Courses”, click on SDSU-Testing Services California Government Exam HR.
